The screenshot displays the phpMyAdmin web interface. On the left is a sidebar with a tree view of databases and tables. The main area shows the 'Table: myqu' view. A message at the top states: 'Current selection does not contain a unique column. Grid edit, checkbox, Edit, Copy and Delete features are not available.' Below this, a green status bar indicates 'Showing rows 0 - 0 (1 total, Query took 0.0010 sec)'. The SQL query editor contains the query: `SELECT * FROM `myqu``. Below the query editor is a 'Number of rows' dropdown set to 25. A red rectangle highlights the 'Options' section, which contains a table with the following data:

Apple_iphone_6a	Apple_watch	ipad	macbook
1	2	1	1

Below the table is another 'Number of rows' dropdown set to 25. At the bottom, a 'Query results operations' bar includes links for 'Print view', 'Print view (with full texts)', 'Export', 'Display chart', and 'Create view'.

The screenshot displays the phpMyAdmin interface. On the left is the database navigation tree. The main panel shows the 'websiteusers' table in the 'practice' database. A SQL query 'SELECT * FROM `websiteusers`' is entered, and the results show one row. A red rectangle highlights the row and its associated action buttons (Edit, Copy, Delete, Change, Delete, Export).

Server: mysql wampserver » Database: practice » Table: websiteusers
